

2025 Award Nomination Form

The ACA recognizes distinguished achievements in the field of crystallography to both mature and early career crystallographers through the presentation of various annual awards and prizes. The ACA relies on its experienced membership to recognize and bring attention to the accomplishments and contributions of its fellow members and colleagues.

To nominate an individual for one of the ACA awards listed below, please complete this form, and submit it and accompanying documentation to the ACA headquarters by **April 1, 2024**. Only completed nominations received by the due date will be considered. Any nominee not chosen for an award is automatically considered for the award by the following review committee. See the awards schedule for the year in which awards are presented.

- Bau Neutron Diffraction Award:** to recognize major contributions to the development of the technique of single-crystal neutron diffraction and its applications in chemical and macromolecular crystallography.
- Margaret C. Etter Early Career Award:** To recognize outstanding achievement and exceptional potential in crystallographic research demonstrated by a scientist at an early stage of their independent career.
- Fankuchen Memorial Award:** To recognize contributions to crystallographic research by one who is known to be an effective teacher of crystallography.
- Kenneth N. Trueblood Award:** To recognize exceptional achievement in computational or chemical crystallography.

NOMINATOR INFORMATION:

First Name: _____ Last Name: _____

Dept: _____ Email: _____

Please make sure to fill out this form completely. In addition to the form, please include a summary of the specific reason for your nominee to receive this award, a one-page narrative describing the significant aspects of the nominee's career, a curriculum vitae, a list of publications, and any other material that supports this nomination. To complete the nomination, please provide at least three letters supporting this nomination from individuals who have first-hand knowledge of the nominee's achievements and work. Finally, combine all files, including this form, into one PDF and email it to kvitale@hwi.buffalo.edu.
