

American Crystallographic Association Fellows Nomination Form

The ACA Fellows program serves to recognize a high level of excellence in scientific research, teaching, and professional duties, but also service, leadership, and personal engagement in the ACA and the broader world of crystallography and science. The Fellows program celebrates the excellence of our own members from within the ACA, and promotes their recognition worldwide to constituencies outside of the ACA, such as their employers, other scientific societies, and the government. ACA Fellows will serve as scientific ambassadors to the broader scientific community and the general public to advance science education, research, knowledge, interaction, and collaboration. This program allows us to significantly recognize and honor a broader cross-section of the membership than was previously possible with other, more specific awards. We envision that eventually about 5% of the membership will be recognized as Fellows, and will announce new inductees and honor all ACA Fellows at the annual Awards Banquet.

The procedure for nominating and selecting Fellows is as follows: A nomination package must be completed by the nominator, who must be an ACA member. In a cover letter, a case should be made for how the proposed Fellow meets the above criteria. A brief CV must also be provided, as well as two letters from other ACA members supporting the nomination. Nominations will then be passed to all current Fellows, who will be asked to vote on the suitability of the candidates. Fellows will be appointed by the ACA Council if a majority of those Fellows voting are in favor.

NOMINEE’S NAME AND TITLE: _____

Dept. _____ Company/University _____

Street _____ City _____ St/Prov. _____ Zip Code _____

Country _____ E-mail _____ Phone _____

CITATION: Summarize the specific reason for your nominee should receive this award. The award citation will be based on this summary (use additional page if necessary):
